

## Report of Public Agency Performance on Preschool Transition

### Indicator 12: Preschool Transition (In-by-3)

Percent of children referred by Arizona Early Intervention Program (AzEIP) prior to age 3 who were found eligible for Part B preschool services and who had an IEP developed and implemented by their third birthday.

#### Measurement

The data are reported to the ADE/ESS by each school district in the State in an annual report. For public reporting purposes, no information is reported for a district when the district had fewer than 10 children referred to them by AzEIP prior to age 3. In these instances, the data are not reported to ensure confidentiality.

Districts that reported they did not receive any referrals from AzEIP during the 2005-2006 school year are not listed in this report.

#### Explanation of Indicator

This indicator is considered a compliance indicator by the U.S. Department of Education and the State target must be 100%.

The reported percentages include:

- Children who were found eligible for special education and had an IEP developed and implemented prior to their 3<sup>rd</sup> birthday;
- Children who were found eligible for special education and had an IEP developed prior to their 3<sup>rd</sup> birthday but whose entry into school was postponed due to a break in the school year or parental choice, and;
- Children who were found to be ineligible for special education prior to their 3<sup>rd</sup> birthday.

**State Target** for SY 2005-2006: 100%

**State Average** for SY 2005-2006: 63.61%

District	School Year of Data	PEA Results	State Target Met? (100%)	State Average Met? (≥63.61%)
